Slim Profile Sliding System

About us

Introducing HELIX Slim Profile Glass Hardware. Since 2009, HELIX has been a trusted name in door hardware, known for precision engineering, durability, and innovation. Building on this legacy, we are proud to introduce our latest offering: **Slim Profile Glass Hardware.**

Designed to complement modern architectural aesthetics, HELIX Slim Hardware delivers sleek, minimalist designs without compromising strength or functionality. Perfect for frameless glass installations, it ensures seamless integration and a refined finish for residential, commercial, and luxury spaces.

With HELIX, elevate your spaces with hardware that reflects quality and sophistication.
